OUR PROMISE

ORGANICALLY GROWN

Our hemp is organically grown and pesticide-free. Each product is third-party tested for potency and pesticides.

CONSCIOUSLY SOURCED

We strive to source products from minority- and woman-owned farms and manufacturing facilities.

HEMP FOR HUMAN RIGHTS

An eighth of our profits fund human rights initiatives serving in the U.S. Currently, we are supporting DIGDEEP, which brings running water to communities in the Navajo Nation, West Virginia and Texas.
